

As in a Looking-Glass.

Everything about our stock of Furniture can stand the light of investigation. Look at it in every conceivable way and you will always find it just what we represent it to be. We rather court criticism in order that we may the more effectively combat error of judgment, realizing fully that we have it in our power to convince the most skeptical. We invite visitors at all times to go through our stores, giving them full privilege to examine our stock without feeling the least compunction to buy.

JUST NOW, ON A PORTION OF OUR STOCK, YOU CAN SAVE FROM 10 TO 50 PER CENT. ON YOUR PURCHASES OF FURNITURE.

This portion of our stock to which we assign the saving clause consists of a very large purchase we made recently from the Receiver of a big Western House which failed, thus giving us a chance to buy a most desirable stock at much less than wholesale prices. We don't believe that such a stock was ever before offered at such marvelous values. If, perchance, we have nothing in this particular purchase that will please your fancy, we have our own reserve stock to fall back upon, than which there is none complete in New York, or which is sold at more reasonable prices.
